Wholesale Price List — January 10, 1945

Telephone 6365
Night 2-1153

Please Refer

To List

No. 4501

The need for producing food is again being impressed on us, and in this, of course, seeds play a vital role. Practically all our 1944 crops are here and ready. Early orders are suggested. Our organization is geared for service and we hope that in 1945 you will consider us your regular source of supply, as many other dealers over the South do.

SEEDSMEN FOR 3 GENERATIONS

All prices are f. o. b. Charleston, unless otherwise stated.
All subject to market changes and our further confirmation.

TERMS—Garden Seed and Insecticides, 30 days to customers of approved credit. Potatoes and Field Seeds, net cash.

Cotton bags when used are charged extra and are non-returnable.

We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds we send out and will be in no way responsible for the crop.

READY MIXED DUSTS

In addition to the various concentrated Insecticides and Fungicides, we prepare various mixtures which are ready to use as they come from the package. We follow closely the recommendations of the best Agricultural authorities, and doing the work ourselves in our own plant, we know that only the best ingredients are used. Furthermore, these are being mixed daily, so they are fluffy and not caky as is the case with some that are mixed long in advance.

ARSENIC DUST NO. 1

A regulation strength mixture for Potato Bugs, Tomato Worms, and most leaf eating insects. Do not use on Beans.

50 lb. bags	per lb.	.04
4 lb. bags (12 to case)	per lb.	.05

ARSENIC DUST NO. 2

An extra strength mixture, and worth the difference. Many of the large Potato growers in the coastal area use this mixture with excellent results.

50 lb. bags	per lb.	.04½
4 lb. bags (12 to case)	per lb.	.05½

CRYOLITE DUST

Especially recommended for use on Beans against Mexican Bean Beetle, Bean Leaf Beetle, and Spotted Cucumber Beetle. On matured snap beans there is a residue hazard, which can be overcome by washing the beans before cooking. On beans that are not fully matured or on Limas there is no hazard.

50 lb. bags	per lb.	.08
4 lb. bags	per lb.	.09

DUSTING SULPHUR

Very finely ground, 93% pure sulphur, 50 lb. bags, per lb. .05
